Readership by Job Function

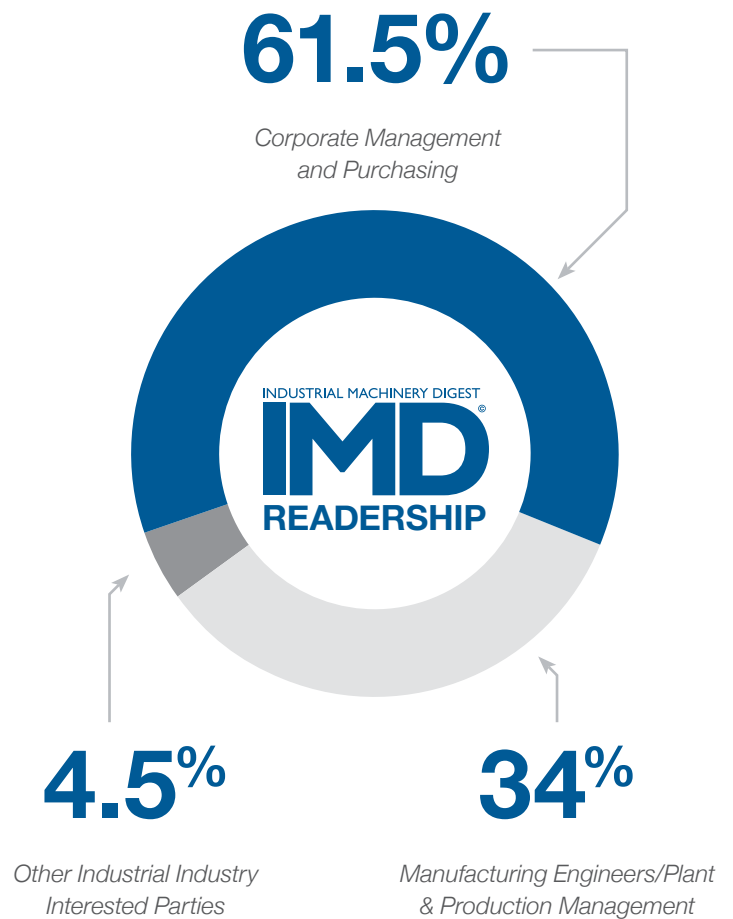

Industrial Machinery Digest's reader base consists of individuals who have the power to make purchasing decisions — decisions which will lead to new and continuing sales for our advertisers.

Readers By Categories

- Job Shops
- Machine Shops
- Fabricating Shops
- Original Equipment Manufacturers (OEM)
- Maintenance & Repair Operations (MRO)
- Contract Manufacturers
- Gear Manufacturers
- Industrial Facilities & Manufacturing Plants

EDA verified

IMD maintains a unique partnership with Equipment Data Associates (EDA) to deliver unprecedented insight into the purchasing habits of the domestic manufacturing industry. EDA audits the circulation to ensure the accuracy and credibility of our subscriber base.

On a daily basis, in print and digital, our EDA backed readership turns to *Industrial Machinery Digest* for making verified purchasing decisions.

* IMD Brand Reach is publisher's own data and includes website page views, eNewsletter subscribers, social media impressions, and IMD Magazine circulation. Magazine circulation based on EDA UCC Purchasing Statistics. IMD Quarterly digital subscribers are based on publisher's own data. Website impressions are based on analytical averages from October 1, 2020.

2021 IMD Core Focus

Industrial Machinery Digest (IMD) is the industry's most extensive industrial publication since 1886. A bold claim backed by a dedicated team of media professionals with over four decades of experience. We understand that engaging content (stories, images, and video) increases a desire to purchase. Our extensive editorial driven platform allows us to connect with our readership of EDA verified small-to-medium job shop/machine shop owners and operators, original equipment manufacturers (OEM), and other decision-making industrial professionals through our integrated website, print and digital formats, e-newsletters, social media platforms, and is accessible through desktops, tablets, and mobile devices.

IMD offers a modern design across all media platforms.

Advertisers can expect to appear alongside industry-relevant content designed to improve reader engagement and address critical issues across the manufacturing sector.

Editorial Makeup of IMD

BUSINESS

Maintaining your business will always be a top priority. IMD delivers the topics that can improve and enhance your day-to-day business functions. Whether the latest in digital technology systems, setting up 401ks, quality control, or shop management, this feature presents topics to allow your business to run more efficiently.

SAFETY & MAINTENANCE

There are few issues more critical than safety. Regardless if it is preventative or predictive, proper maintenance or learning of new tools to help maintain your machinery could mean the difference of downtime for an hour or critical failure.

PROCESS

Whether it is heat treating, finishing, or the latest in additive manufacturing, our readers are looking for the most up-to-date processes for their business. Process breaks down new and innovative techniques to improve daily operations.

WORKFORCE DEVELOPMENT

A crucial element is the development of the next generation of workers. Colleges, technical schools, and other outlets are creating and developing the programs to train and educate new and veteran laborers. Workforce Development will put special emphasis on areas that innovate and advance our modern workforce.

Every Company Has A Story

Whether it is humble beginnings as a small job shop or the spark of a new idea, *Industrial Machinery Digest* knows that every company has a story. Each month, IMD features custom-crafted, original editorial content that delves into the personal insight of the prominent men and women in the field of manufacturing. Readers can learn more from chief engineers of machine tools and other products, end-user experiences, and even firsthand insights from the company founders. Both IMD's Talking Shop and Manufacturing showcase are featured in dedicated newsletters and prominently on IndustrialMachineryDigest.com.

MANUFACTURING SHOWCASE

- Custom written editorial by IMD staff editors
- Featured in print and digital formats
- eNewsletter delivered to IMD's 15k+ subscribers!
- Promote your company, an employee, or even products
- Featured on the IMD website and optimized to contribute to your own SEO efforts

TALKING SHOP

- Question & Answer editorial exclusively created by IMD staff editors
- Featured in print and digital formats
- eNewsletter delivered to IMD's 15k+ subscribers!
- Share personal insights and expertise in your field
- Featured on the IMD website and optimized to contribute to your own SEO efforts

DID YOU KNOW?

Industrial Machinery Digest's reader base consists of individuals who have the power to make purchasing decisions — decisions which will lead to new and continuing sales.

NEW TECH

There are new products each month that can change the way you work. Products to cut time, save you money, or revolutionize the industry. New Tech will feature the latest offerings from key suppliers and manufacturers.

ON EXHIBIT

Each month, IMD will give in-depth coverage on one or more of the many upcoming national, regional, or international trade shows. This includes details on the event, as well as the exhibitor highlights. On Exhibit gives even those who cannot attend the event the knowledge of what can be found on the trade show floor.

PRODUCT SHOWCASE

Our Product Showcase delivers IMD's Monthly Top Products. Hand selected by our editorial staff, this department features the latest in developments for the industrial, manufacturing, metalworking, workholding, and fabricating segments.

INDUSTRY INSIGHT

With a detailed look into the industry itself, Industry Insight will give readers a deeper understanding of specific topics each month. This includes cutting systems, robotics, automation, controls, air filtration, and more.

	EDITORIAL FOCUS AND SUMMARY	PRIMARY PROCESS	TRADE SHOW COVERAGE
JANUARY	<p>State of the Industry Outlook 2021</p> <p>From robotics and automation to traditional metal cutting, fabricating, and specialized workholding solutions, manufacturers increase demand for efficiencies in productivity and cost savings.</p> <p>Materials Due: 12/15/2020</p>	<ul style="list-style-type: none"> • Additive Manufacturing / 3D Printing • Assembly • Automation & Robotics • Cloud Networking • Cutting • Machining • Maintenance • Measurement & Testing • Retrofitting • Safety 	<p>HOUSTEX</p> <p>MD&M West</p> <p>AmCon Seattle</p>

2021 Trade Shows

We provide a holistic approach to trade show promotion. In print, our “On Exhibit” coverage provides not only a monthly pre-show preview of upcoming events, but also assists attendees in connecting with exhibitors on the trade show floor. As exhibitors ourselves, we know the importance and needs of trade show promotion. IMD’s social network accounts and website delivers up-to-the-minute updates and reminders of keynotes and announcements.
