JKS MS COMPANY PROFILE

END-TO-END CAPABILITIES MAKE JKS MS A VALUABLE RESOURCE

JKS MS's customers have the freedom to specify parts to be manufactured using a variety of technologies.

JKS MS PROVIDES FLEXIBILITY

Regardless of the manufacturing method specified, customers always enjoy a single high standard of confidence that JKS MS will deliver as promised - on-time and within budget.

Design for MFG

- Design Assistance
- Reduce Costs
- Improve Performance

Manufacturing

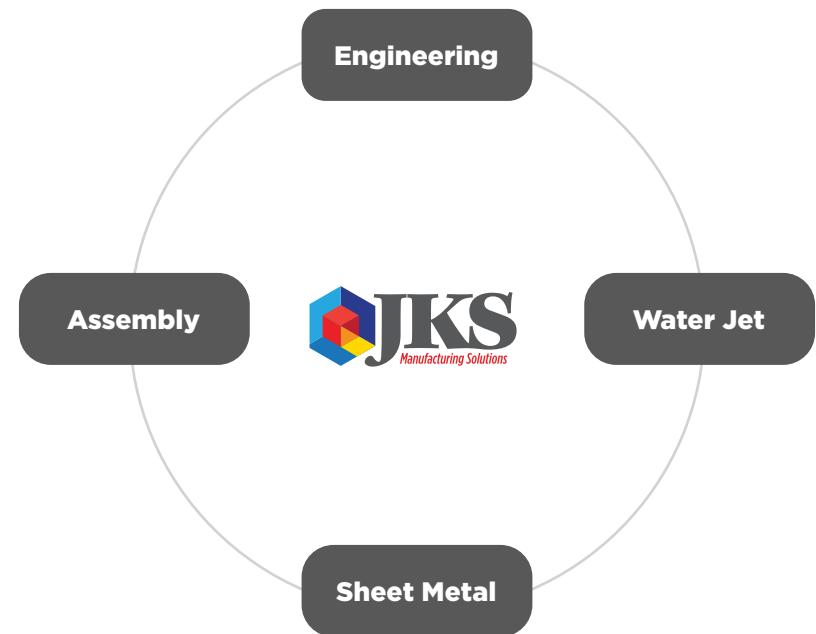

- Prototypes
- Short-Run Production
- Long-Run Production

Assembly

- Mechanical & Welded
- Dedicated Resources
- Kitting Services

Quality Assurance

- ISO 9001 Compliant
- FAI Documentation
- Design Management

JKS MS COMPANY PROFILE

OPERATIONAL EXCELLENCE PROVIDES CONSISTENT PERFORMANCE

JKS Manufacturing Solutions is dedicated to exceeding our customers' requirements and expectations.

JKS MS IS COMMITTED TO EXCELLENCE

JKS MS continually improves our internal processes and the effectiveness of our Quality Management System.

Demand

Clear understanding of JKS customer requirements.

Capacity

Actionable plans for current and projected demand growth.

Buffer Strategy

Strategy to best account for manufacturing variations.

Quality

Robust systems and metrics to ensure quality.

Vendor Management

Vetted vendor base for materials and processes.

Work Tracking

Work tracking to ensure on-time product delivery.

JKS MS COMPANY PROFILE

JKS MS IN THREE WORDS EQUIPMENT. CAPACITY. EXPERTISE.

JKS MS offers a range of cutting, shaping, and joining capabilities. Our experience runs the gambit.

JKS MS CORE SERVICES

Our capabilities set enables us to tackle assemblies that require multiple manufacturing processes. Assemblies are joined by welding or other mechanical methods. From prototypes to short-run and long-run production quantities, you can rely on JKS MS's equipment, capacity, and expertise to deliver your parts on time and on budget.

Examples of Our Work

- Enclosures
- Chassis
- Panels
- Brackets
- Components
- Weldments

JKS MS COMPANY PROFILE

GREAT PARTS, GREAT FINISHES BECAUSE OUR CUSTOMERS DESERVE IT

JKS MS routinely fabricates and finishes parts that meet MIL-Spec and other customer specifications.

SECONDARY PROCESSES & FINISHING

JKS MS offers customers a wide variety of secondary processes, surface preparations, and finishes in-house and through our approved vendor network.

Our vendors adhere to the highest quality standards and consistently deliver quality parts on schedule.

A Few Finishing Options

- Anodize
- Brush Finish
- Chromate
- Heat Treatment
- Plating
- Powder Coat
- PEM Hardware
- Wet Paint

JKS MS COMPANY PROFILE

INVESTING IN EQUIPMENT TO ENSURE A STRONG TOMORROW

JKS MS invests in new manufacturing technologies that will improve our capabilities and the quality of your products.

WHY JKS MS INVESTS IN NEW TECHNOLOGY

Improving our capabilities and the quality of your products is a top priority for JKS MS. We look for equipment that provides a strategic fit with customers' businesses today and tomorrow.

KEY ACQUISITION - Accupress Accell E 425012

The Accell E press brake has a high-quality build, an impressive number of features, and advanced controls. The Accell E enables JKS MS to economically produce complex parts.

Accell E Attributes

- 250 Ton CNC Press
- 12 foot lengths
- 22" Open height
- 6 Axis CNC backgauge
- Off-center bending
- CNC Crowning

JKS MS COMPANY PROFILE

CONTINUED INVESTMENT TO MEET CUSTOMER DEMAND

In 2020, customer demand for water jet services required an additional investment in equipment.

KEY ACQUISITION - OMAX MAXIEM 1530

Designed for a wide range of machining needs, the MAXIEM 1530 sets a higher standard for precision abrasive water jet machining. The tank design is scaled to handle common plate sizes with room to spare. The advanced linear motion system uses digital linear encoders to provide micron-level cutting head position feedback to assure accurate part production.

OMAX MaxiEM 1530 Attributes

- 60" x 120" bed
- Cuts up to 12" thick
- Fast speeds
- High precision
- No tool changes
- Cuts metals
- Cuts composites
- Cuts plastics
- Cuts glass
- And more!

JKS MS COMPANY PROFILE

COMMITTED TO QUALITY WE MEET & EXCEED EXPECTATIONS

At JKS Manufacturing Solutions, quality assurance is not just a department, it's something that's built into everything we do.

HOW WE ENSURE PRODUCT QUALITY

How we operate to ensure consistent, high-quality parts is what separates us from the competition. We closely align our quality processes with customer requirements and execute daily. JKS MS is ISO 9001:2015 compliant and we are awaiting our certification. We are also pursuing ITAR registration.

We have a broad range of inspection tools at our disposal.

Partial Inspection Equipment

- Coordinate Measuring
- Optical Comparator
- Micrometers
- Surface Plates
- Angle Plates
- Height Gages

JKS MS COMPANY PROFILE

A FEW OF OUR CUSTOMERS JOIN THESE INDUSTRY LEADERS

JKS MS supplies parts to a wide range of U.S. industries, including several critical sectors.

WE WANT YOUR BUSINESS

JKS MS is an approved supplier of fabricated metal parts in many industries. Our customers include industry leaders, regional players, and very promising startups. Regardless of your industry or company size, JKS MS is ready, willing, and able to help you achieve your company's goals.

A Few of the Industries We Serve

- Architectural Products
- Automation & Controls
- Automotive Racing
- Construction Products
- Electric Utilities
- Musical Instruments
- Power Transmission
- Telecommunications

JKS MS COMPANY PROFILE

PEOPLE, PROCESSES & EXECUTION AND A GREAT CUSTOMER EXPERIENCE

*Quality communication, robust processes, daily execution,
and competitive pricing make JKS MS a customer favorite.*

4 KEY REASONS TO CHOOSE JKS MS

Zero-Defect Manufacturing

JKS provides parts and assemblies that meet or exceed your requirements. We're committed to quality.

97%

On-time Delivery

JKS works hard to ensure parts are delivered on time and communicates with you throughout the process.

98%

Customer Satisfaction

Customer satisfaction is the cornerstone of our business. JKS delivers as promised on-time and on-budget.

98%

Price Competitive

People, processes, and technology enable us to be cost-competitive with other industry leading suppliers.
